(Through the President)

Sir,

Subject Appointment of a mechanic for operating both the Magnetic Recorder Projector and sewer rod equipment on a pay of Rs 40-2-50-3-80 plus DA and grant of an allowance of Rs 10/- p m to the Senior Health Inspector who is looking after the work till such time

Last year, a magnetic recorder and projector as also sewer rod equipments were purchased by the Municipal Council after obtaining due sanction of Government. The magnetic recorder is being used for Health propaganda during Mohalla Day Celebrations and other days according to programmes drawn up each month. The sewer rod equipment is also being worked for clearance of choakage and the crude method of handling the choakages by bamboo sticks is avoided.

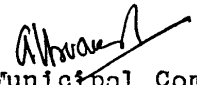

It is found that the two machinery cannot be worked by the existing staff satisfactorily in addition to the normal work. Hence, a proposal was placed before the Budget meeting of the Council at their meeting held on 27-3-1956 for the appointment of an operator in grade Rs 40-2-50-3-80 plus DA for operating both the machinery and till such time as this is sanctioned and appointment made the Senior Health Inspector who is looking after the work might be paid an allowance of Rs 10/- p m in con-

sideration of the extra and overtime work devolved
on him. The same was duly approved.

I enclose a copy of the resolution and
request that orders of Government may kindly be
obtained sanctioning the post and payment of an
allowance of Rs 10/- p m to the Senior Inspector
who is handling the machine at present, from the
date of entrustment of the work.

Due provision for this is made under "18
Propaganda

Yours faithfully,

Municipal Commissioner
